An Act to re-enact with amendments certain local enactments in force within the city of Exeter; to confer further powers on the Council of the City of Exeter; to make provision with regard to public safety, public health, environmental amenity within the city, the amenity of and control over the river Exe and its estuary; the local government and improvement of the city; and for other purposes. [9th April 1987]

WHEREAS—

(1) By virtue of the Local Government Act 1972 (hereinafter 1972 c. 70, referred to as “the Act of 1972”) the city of Exeter was constituted on 1st April 1974 comprising the former county borough of Exeter and in the former administrative county of Devon, the Devon County Buildings Area:

(2) Numerous local enactments were in force in the said former county borough and by section 262 of the Act of 1972 it was provided that, subject to certain modifications, certain local statutory provisions should continue to apply to the area, things or persons to which or to whom they applied before that date:
(3) It was further provided by the said section 262 that certain local statutory provisions should cease to have effect at the end of 1984; but the Non-metropolitan and Welsh Counties (Local Statutory Provisions) Order 1983 and the Non-metropolitan and Welsh Counties (Local Statutory Provisions) Order 1986 made pursuant to the Act of 1972 have subsequently provided that such local statutory provisions in certain areas including the city of Exeter shall cease to have effect at the end of 1987:

(4) It is expedient that certain of the said enactments should be re-enacted with amendments:

(5) It is expedient that the other provisions contained in this Act should be enacted:

(6) The purposes of this Act cannot be effected without the authority of Parliament:

(7) In relation to the promotion of the Bill for this Act the requirements of section 239 of the Act of 1972 have been observed:

May it therefore please Your Majesty that it may be enacted, and be it enacted, by the Queen’s most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Provided that the powers of this subsection shall not be exercised unless the consent of the Secretary of State has been granted for the proposed works under sections 3 and 4 of the Ancient Monuments and Archaeological Areas Act 1979.

(2) Before executing any such works the Council shall serve a notice of their intention to do so on either the owner or occupier of the relevant part of the city walls unless after reasonable inquiry it has been found impossible to identify or locate either of them before the time at which it is, in the opinion of the Council, desirable to execute the works.

(b) that there has been some informality, defect or error in, or in connection with, the notice;

(c) that the works are unreasonable in character or extent, or are unnecessary;

(d) that the notice might lawfully have been served on the occupier of the premises in question instead of on the owner, or on the owner instead of on the occupier, and that it would have been equitable for it to have been so served.

(6) If and in so far as an appeal under this section is based on the ground of some informality, defect or error in or in connection with the notice, the court shall dismiss the appeal, if it is satisfied that the informality, defect or error was not a material one.

(7) The appellant shall, where the grounds upon which the appeal is brought include a ground specified in subsection (5) (d) above, serve a copy of his notice of appeal on the other person referred to in that subsection.

(b) in subsection (5) the reference to such a proposal of a local authority as is mentioned in subsection (1) (a) of that section included reference to the proposed doing of anything authorised by subsection (1) above.

(3) In exercising the powers of subsection (1) above or subsections (3) to (6) of section 15 of the Act of 1976 as those subsections have effect in accordance with subsection (2) above in relation to any land used by the British Railways Board for the purposes of their undertaking, the Council and all persons authorised by them to exercise the said powers shall comply with all reasonable conditions imposed by that board.

(4) Without prejudice to section 39 (Penalty for obstruction) of this Act as it has effect in relation to the exercise by a proper officer of his powers under subsection (1) above and under section 15 (3) (b) of the Act of 1976 as applied by subsection (2) above, if a person—

(a) while another person is on any land in pursuance of the said section 15 (3) (b) as so applied intentionally obstructs him in doing things connected with the survey in question; or

(b) removes or otherwise interferes with apparatus left on or in land in pursuance of the said section 15 (3) (b) as so applied;

he shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

(b) The provisions of section 290 of the Act of 1936 with respect to appeals against notices requiring the execution of works shall apply in relation to any notice under this subsection as if this subsection were contained in that Act.

(3) Nothing in subsection (1) above shall apply to any structure being development in respect of which application for planning permission under the Act of 1971 has been made to the Council and in respect of which such permission has been expressly granted by the Council provided that the structure has been placed or erected in accordance with any terms and conditions imposed with that permission.

(4) If without reasonable excuse any person contravenes subsection (1) above or a notice under subsection (2) above, he shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

(6) In the application of the foregoing provisions of this section to any works carried out by the British Railways Board
in the exercise of their statutory functions nothing in those provisions shall apply to works with respect to railway bridges or with respect to the maintenance or renewal of the railway and the facilities and equipment used for or in connection with its operation.

(3) The Council may dispose of any object which is in an unsatisfactory condition for museum purposes or is, in the opinion of the Council after taking expert advice, of no significant scientific, historical or artistic value.

(4) Where any object has become vested in the Council by virtue of a gift or bequest—

"(5A) Without prejudice to any action or proceeding which the local authority may take under the foregoing provisions of this section or under any other enactment, where in relation to any premises to which this section applies the proper officer appointed for the purposes of this section (hereinafter referred to as 'the proper officer') certifies that temporary repairs are immediately necessary to avoid danger to health the local authority may enter upon the premises and execute such repairs and the local authority shall be entitled to recover the expenses incurred by them in so doing from any person on whom notice could be served under subsection (1) above:

Provided that—

(a) where the name and address of the person concerned are known to or can reasonably be ascertained by the proper officer he shall—

(i) as soon as reasonably practicable forward to the person concerned a copy of the certificate
PART IV — cont.

which shall specify the nature and extent of the
temporary repairs which the local authority
propose to execute; and

(ii) inform the person concerned after such
repairs have been executed;

(b) in any proceedings to recover such expenses—

(i) the court shall inquire whether the proper
officer was justified in concluding that the
execution of temporary repairs was
immediately necessary to avoid danger to
health or that unreasonable delay would have
been occasioned by following the procedure
prescribed by subsections (1) to (3) above and if
the court determines that the proper officer was
not justified in either of the conclusions
mentioned in this sub-paragraph the local
authority shall not recover the expenses or any
part of them;

(ii) the provisions of subsection (5) above
shall apply;

(c) before entry on any operational railway of the
British Railways Board not less than twenty-four
hours' notice of intended entry shall, except in
case of emergency, be given to that board and any
person entering on any such railway in pursuance
of that notice or in any such emergency shall
comply with the reasonable requirements of the
British Railways Board for the protection of their
undertaking.

13. In its application within the city, section 17 (3) of the Act
of 1961 as substituted by section 27 of the Act of 1982 (which
empowers a local authority to require stopped-up drains etc. to
be remedied) shall have effect as if for “forty-eight hours” there
were substituted “twenty-four hours”.

Power to remedy
stopped-up
drains, etc.

Urgent repair
of private
sewers.

14.—(1) The Council may take immediate action to repair or
unstop a private sewer in the city if—

(a) the sewer is by reason of its defective condition or repair
injurious or likely to become injurious to public health; and

(b) the injury or threatened injury to public health is of such
a nature as to require immediate remedy.

(2) The Council may recover the expenses reasonably
incurred in the exercise of their power under subsection (1) above
from the person responsible for the maintenance of the sewer:
Provided that where more than one person is responsible the Council may recover from the owners for the time being of the premises served by that length of sewer in such proportions as the Council deem it fair to fix, having regard to all the circumstances of the case including the benefit derived from each owner from the relevant length of sewer, the distance for which it is laid in land belonging to each owner, the point at which any work was necessary and the responsibility for any act or default which rendered the work necessary.

(3) Any question arising under this section as to whether the Council were on the facts of the matter justified in taking action under subsection (1) above or as to the amount or the reasonableness of the expenses incurred by them, or as to the fairness of any division or apportionment of expenses made by them may be determined by a magistrates' court either in proceedings taken by the Council for the recovery of expenses incurred by them, or on the application of any person required by the Council to bear any of their expenses.

15.—(1) If, upon a complaint by the Council under this section, a magistrates' court is satisfied that any gas, vapour or fumes from a chimney of a building in the city is injurious or likely to be injurious to health or is a nuisance, the court may make an order requiring the owner of the chimney within such time as may be specified in the order—

(a) to cause it to be raised to a height so specified; or

(b) to cause such other means for remedying the cause of complaint to be adopted as the court thinks fit.

(2) The court shall not make an order under this section unless it is satisfied that the work to be done in pursuance of the order need not involve an expenditure exceeding—

(a) in the case of a single private dwelling-house £500; and

(b) in any other case £1,500;

or, in any case, such greater sum as may be specified in an order made by the Secretary of State by statutory instrument under this section.

(3) Any person who without reasonable excuse fails to comply with an order made under this section shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale and to a daily fine not exceeding £40.

(4) Unless—

(a) the Secretary of State has granted scheduled monument consent under section 3 or 4 of the Ancient Monuments and Archaeological Areas Act 1979; or 1979 c. 46.

(b) the Secretary of State has, or, in respect of an application by a person other than themselves, the Council have granted listed building consent under section 55 of the Act of 1971;
for the alteration of any chimney in a scheduled monument or listed building no complaint shall be made to a magistrates' court under this section in respect of any chimney in such monument or building.

(5) This section does not apply to premises which are subject to the Factories Act 1961 or the Alkali, &c. Works Regulation Act 1906 or to any class of premises prescribed for the purposes of section 1 (1) (d) of the Health and Safety at Work etc. Act 1974.

(6) In this section "chimney" includes structures, openings and ducts of any kind from which any gas, vapour or fumes may be emitted whether or not as the product of combustion and reference to a chimney of a building includes reference to a chimney of a building which serves the whole or a part of a building but is structurally separate therefrom.

16.—(1) This section applies in the city to—

(a) any building operation including any work of demolition; or

(b) the cleansing of any building or structure;

which is either carried out in the open air or carried out in such circumstances that dust from the operation is emitted into the open air:

Provided that it shall not apply to any work of demolition in respect of which a notice may be served under section 81 of the Building Act 1984.

(2) Except as provided in subsection (6) below, the Council may give notice to any person carrying out, or controlling the carrying out of, an operation to which this section applies requiring him, within such time as is specified in the notice, to take such reasonably practicable steps as are so specified to reduce the emission of dust from the operation.

(3) In considering what steps are reasonably practicable for the purposes of subsection (2) above, the Council shall have regard, amongst other matters, to the requirements of safety and safe working conditions, any relevant provisions of any code of practice approved under section 16 of the Health and Safety at Work etc. Act 1974 and to the financial implications.

(4) Any person aggrieved by a notice under subsection (2) above may appeal to the county court and the judge may make such order, either confirming or quashing or varying the notice, as he thinks fit but shall not so vary the notice that it is more onerous than the notice given by the Council.

(5) (a) Subject to any order made on appeal under subsection (4) above, any person who fails to comply with a notice under subsection (2) above shall be guilty of an offence
and liable on summary conviction to a fine not exceeding level 4 on the standard scale and to a daily fine not exceeding £100.

(b) In any proceedings under this subsection it shall be a defence to show that the quantity of dust emitted into the open air was not materially greater than would have been emitted if the notice had been complied with.

(6) (a) If, before the carrying out of any operation to which this section applies, the person who intends to carry it out applies to the Council for their consent to the operation giving particulars of—

(i) the operation and the method by which it is to be carried out; and

(ii) the steps proposed to be taken to reduce the emission of dust from the operation;

and the Council consider that, on the carrying out of the operation in accordance with the application, they would not serve a notice under subsection (2) above in respect of that operation, the Council may give their consent to the operation for the purposes of this section, either unconditionally or subject to such conditions as may be specified in the consent.

(b) In acting under this subsection the Council shall have regard to the matters specified in subsection (3) above.

(c) If the Council do not, within 21 days from the receipt of an application under this subsection, give to the applicant a consent, with or without conditions, which is acceptable to the applicant, he may appeal to the county court.

(d) On any appeal under this subsection the judge may make such order either confirming the refusal of the consent or varying any conditions subject to which the consent has been given, or ordering the giving of the consent with or without conditions as he thinks fit but shall not so vary any conditions that they are more onerous than those specified by the Council.

(7) In this section “dust” includes chemicals in solution and grit.

SAVING PROVISIONS

1.—(1) Anything begun under an enactment repealed by this Act may be continued under any enactment in this Act relating to the same matter as if begun under that last-mentioned provision.

(2) Where any period of time specified in, or having effect in relation to, an enactment repealed by this Act is current at the date of such repeal, any provision of this Act relating to the same matter shall have effect as if that period began to run under that provision.

2. References in this Act to things done, left undone, suffered or occurring in the past shall, so far as the context requires for the continuity of operation between an enactment which is repealed by this Act and any enactment in this Act relating to the same matter, be construed as including reference to things done, left undone, suffered or occurring before the coming into operation of that provision of this Act.

4. Where an Act or Order is repealed by this Act subject to exceptions and a provision included in the repeal is material for the interpretation of a provision excepted from repeal, the repeal shall not affect the interpretation of the excepted provision.

5. The mention of particular matters in this Schedule shall not be held to prejudice or affect the general application of sections 15, 16 and 17 of the Interpretation Act 1978.
