- Notes**
1. Write in the use of the room and its location in the house. Include lounges and dining rooms even though there may not be anyone sleeping in these rooms.
 2. Write the names of everyone sleeping in the room including children. Do not include visitors.
 3. Write in the sex of each person sleeping in the room
 4. Write in the age at the last birthday of each person sleeping in that room.
 5. Write in the length and width of the rooms, preferably in metres but feet and inches are acceptable. If the room is irregular in shape, you can sketch it on the back of the form and write in the length of each wall. We will be able to calculate the floor area if all measurements are provided.
