Section 1 – Introduction

- 1.1. On 13 June 1983 Exeter City Council (“the Council”) adopted legislation which enables it to licence sex establishments, categorised as either sex shops or sex cinemas, within the city of Exeter, with effect from 1 September 1983. Those parts of the Act continue to have effect.
- 1.2. On 24 July 2012 the Council adopted amended legislation which further enables it to license sexual entertainment venues (SEVs) as an additional category of sex establishments, with effect from 3 September 2012.
- 1.3. The Council recognises that Parliament has made it a lawful activity to operate a licensed sex establishment and such businesses are a legitimate part of the retail and leisure industries. When undertaking its statutory function as the Licensing Authority, the role of the Council is to administer the licensing regime in accordance with the law. The Council will not exercise its duties in accordance with any moral standing and will not take in to account any unrelated considerations that would call in to question the validity of any subsequent decision made.
- 1.4. In this document, the Council sets out the policy it will adopt when making decisions under the legislation (the Policy).
- 1.5. The Policy gives guidance to prospective applicants, persons who may wish to object to or support an application and members of the Council’s Licensing Committee when making a decision in respect of an application.
- 1.6. Each application will be considered on its individual merits and the Policy is intended to give prospective applicants an early indication of whether their specific application is likely to be successful and the material facts that will be taken in to consideration when determining an application.
- 1.7. No policy will ever be considered absolute and there may be occasions where the Council may depart from the Policy having regard to the unique characteristics of any one particular application.
- 1.8. Exeter is an historic city located at the northern tip of the Exe Estuary, some 15km from the coast. It has a significant residential population, including families with children, numbering 118,500, a travel-to-work area with a population of over 280,000, a shopping catchment of over 550,000 and over two million day visitors a year. The city is one of three large urban centres within the predominantly rural county of Devon and is served by major transport infrastructure including the M5 motorway, main railway lines and Exeter International Airport.

- 1.9. Exeter has a deserved reputation as both the regional and cultural capital of the South West peninsula. The maintenance of the character of the area as a tourist and residential district of the highest quality is of regional importance. There are a number of important aspects of city life. For example, there are a large number of historic buildings which contribute both to the historic character and tourist appeal of Exeter. There are places of worship which merit respect and protection in their own right as well as a cultural heritage with the city's Royal Albert Memorial Museum being recognised nationally. There is an array of public houses and restaurants, educational establishments including the University of Exeter, with over 14,000 students. There is the business, legal and commercial aspect of the city as well as the retail districts including not only the prestigious city centre and Princesshay but a number of streets and markets attracting high quality independent retailers.
- 1.10. The Council has taken account of these aspects of city life in determining its policies in relation to the number, location and operating standards of sex establishments.
- 1.11. On 12 February 2013 the Council resolved to conduct a widespread public consultation, commencing on 4 March 2013 and concluding on June 6 2013, on the question of whether there are any, and if so which, localities in Exeter it would be appropriate to license a sex establishment.
- 1.12. In consulting widely, the Council acknowledges the important role that the regulatory authorities, licensed trade and local communities undertake and the necessity for them to contribute their views in formulating this policy.
- 1.13. The Council has had due regard to the views of those consulted on the policy proposals and in determining the Policy has given appropriate weight to comments received. The Policy has been considered and approved by the Council on 23 July 2013.
- 1.14. These considerations, among others set out below, have led the Council to the clear opinion that there is no locality within Exeter within which it would be appropriate to licence an SEV or a Sex Cinema and only two localities identified where it is appropriate to licence a Sex Shop. The Policy is intended to be strictly applied and while the merits of each individual case will be considered it is most unlikely that exceptional circumstances will be found. For the Policy to be overridden, an applicant would need to demonstrate why the objectives of the Policy would be furthered or at least not undermined by allowing the exception. Where the Council has been unable to identify an appropriate locality, for the Policy to be overridden would require the applicant to identify a previously unidentified appropriate locality.
- 1.15. If, however, a sex establishment licence were to be permitted as an exception to this policy, the Council would expect operators to observe the highest management and operational standards consistent with the location in an area of the quality and importance of Exeter. Those standards are reflected in the Regulations set out in Appendix 3 of this Policy.
- 1.16. The Policy will be subject to regular review and amendments may be made from time to time based upon any relevant government guidance, changes to legislation or local circumstances.

Section 2 – Legal Background

The Local Government (Miscellaneous Provisions) Act 1982

- 2.1. Schedule 3 of the Local Government (Miscellaneous Provisions) Act 1982 (the Act) established a licensing regime for two categories of sex establishment, namely sex cinemas and sex shops.
- 2.2. The Policing and Crime Act 2009 amended the Act to create a new category of sex establishment known as the sexual entertainment venue. In brief, these are venues offering live performance or displays of nudity for the purposes of sexually stimulating any member of the audience. The Council adopted these provisions with effect from 3 September 2012 with the consequence that SEVs are now licensable in Exeter. The legislation does not confer “grandfather rights” on existing licensed premises. This enables the Council to take a fresh look at sex establishment licensing in Exeter, having regard to the principles in the legislation and all other material considerations.

Definitions

- 2.3. For the purpose of the Policy, the following definitions will apply, provided that any subsequent amendments to the Act will also be taken into account:

- 2.4. Sex Shop

Any premises, vessel, vehicle or stall used for a business which consists to a significant degree of selling, hiring, exchanging, lending, displaying or demonstrating:

- a) Sex articles; or
- b) Other things intended for use in connection with, or for the purpose of stimulating or encouraging:

No premises shall be treated as a sex shop by reason only of their use for the exhibition of moving pictures by whatever means produced.

- 2.5. Sex Article

Anything made for use in connection with, or for the purpose of stimulating or encouraging:

- i. Sexual activity; or
- ii. Acts of force or restraint which are associated with sexual activity; and anything to which the sub-paragraph below applies.

This applies to:

- a) any article containing or embodying matter to be read or looked at or anything intended to be used, either alone or as one of a set, for the reproduction or manufacture of any such article; and

 - ii. acts of force or restraint which are associated with sexual activity; or
- b) are concerned primarily with the portrayal of, or primarily deal with or relate to, genital organs or urinary or excretory functions,

but does not include a dwelling-house to which the public is not admitted.

No premises shall be treated as a sex cinema by reason only –

- a) if they may be used for an exhibition of a film (within the meaning of paragraph 15 of Schedule 1 to the Licensing Act 2003) by virtue of an authorisation (within the meaning of section 136 of that Act), of their use in accordance with that authorisation; or

- b) of their use for an exhibition to which section 6 of that Act (certain non-commercial exhibitions) applies given by an exempted organisation within the meaning of section 6(6) of the Cinemas Act 1985

2.7. Sex Entertainment Venue

Any premises at which relevant entertainment is provided before a live audience for the financial gain of the organiser or the entertainer which is of such a nature that, ignoring financial gain, it must reasonably be assumed to be provided solely or principally for the purpose of sexually stimulating any member of the audience (whether by verbal or other means),

- a) “audience” includes an audience of one
- b) “relevant entertainment” means any live performance or any live display of nudity;
- c) “display of nudity” means—
 - i. in the case of a woman, exposure of her nipples, pubic area, genitals or anus; and
 - ii. in the case of a man, exposure of his pubic area, genitals or anus;
- d) “premises” includes any vessel, vehicle or stall but does not include any private dwelling to which the public is not admitted

That the following are not sexual entertainment venues for the purposes of the legislation—

- a) sex cinemas and sex shops;
- b) premises at which the provision of relevant entertainment as mentioned in sub-paragraph (9i) is such that, at the time in question and including any relevant entertainment which is being so provided at that time—
 - i. there have not been more than eleven occasions on which relevant entertainment has been so provided which fall (wholly or partly) within the period of 12 months ending with that time;
 - ii. no such occasion has lasted for more than 24 hours; and
 - iii. no such occasion has begun within the period of one month beginning with the end of any previous occasion on which relevant entertainment has been so provided (whether or not that previous occasion falls within the 12 month period mentioned in sub-paragraph (i));
- c) premises specified or described in an order made by the relevant national authority.

- 2.8. The legislation provides both mandatory and discretionary grounds for refusal. The Council's approach in relation to these grounds is set out in Sections 6 and 7 of this Policy respectively. The legislation also provides discretion to the Council to waive the need for a licence. The Council's policy in relation to waiver is set out in Section 9 below.
- 2.9. In addition, there are a number of other legal requirements which are relevant to the licensing of sex establishments and which the Council must take into account.

Provision of Services Regulations 2009

- 2.10. The services of a sex establishment are likely to amount to services within the Provision of Services Regulations 2009. The authorisation scheme provided for by a competent authority must be based on criteria which preclude the Council from exercising its licensing powers in an arbitrary manner. To this end, the criteria must be:
- a) non-discriminatory (with regard to nationality or an EEA state),
 - b) justified by an overriding reason relating to the public interest,
 - c) proportionate to that public interest objective (that is to say, it must not go beyond what is necessary to attain the objective),
 - d) clear and unambiguous,
 - e) objective,
 - f) made public in advance, and
 - g) transparent and accessible.
- 2.11 Further, conditions ought not to be imposed unless they are non-discriminatory, necessary in that the condition is justified for reasons of public interest and proportionate.
- 2.12 The Council is satisfied that the decision to adopt the legislation and this Policy is fully compliant with the provisions of the Regulations.

Crime and Disorder Act 1988

- 2.13 The Council is obliged to exercise its sex establishment licensing functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area, including anti-social and other behaviour adversely affecting the local environment, the misuse of drugs, alcohol and other substances.

Where there is evidence that a premises is contributing to anti-social behaviour the Council has a duty to use its licensing powers to do all it reasonably can to prevent it.

2.14 The Council has had regard to this duty in formulating this Policy.

Human Rights Act 1998

2.15 This Act requires the Council to refrain from acting incompatibly with rights protected by the European Convention on Human Rights. These include:

- Article 8: protects the right to a private and family life, home and correspondence. The right is qualified in that there may be interference when this is in accordance with the law and necessary in a democratic society in the interests of (among other things) public safety, the economic well-being of the country, the prevention of disorder or crime, the protection of health or morals, or the protection of the rights and freedoms of others.
- Article 10: protects the right to freedom of expression, including artistic expression. This right is also qualified, in that it is subject to such formalities, conditions, restrictions or penalties as are prescribed by law and are necessary in a democratic society, in the interests (among other things) of public safety, for the prevention of disorder or crime, for the protection of health or morals, or for the protection of the reputation or the rights of others.
- Article 1, First Protocol: protects the peaceful enjoyment of possessions. It states that no one shall be deprived of his possessions except in the public interest and subject to the conditions provided for by law. The right is qualified in that the Council has the right to enforce such laws as it deems necessary to control the use of property in accordance with the general interest.

2.16 In adopting this Policy, the Council has taken account of the human rights of operators and of local residents.

Equality Act 2010

2.17 This Act requires the Council to have due regard to the need to:

- (a) eliminate discrimination, harassment, and victimisation;
- (b) advance equality of opportunity between (among other things) persons of different race or sex and persons with and without disabilities; and to

- (c) foster good relations between persons of different race, sex or ability. In this case, those persons might be workers at or visitors to sex establishments, or those living in, working in or visiting the vicinity.
- 2.18 The Council acknowledges that gender equality may have an influence on decisions in sex establishment licensing. For example, it may be necessary to attach conditions to protect performers from harassment or any threat to their dignity by requiring proper supervision and facilities. By way of further example, there should be no suggestion allowed that one gender would be any more welcome than another in licensed premises.
- 2.19 There are no parts of Exeter which could currently be described as characterised by sex establishments. This Policy militates against such a situation arising but the Council acknowledges that such a situation might amount to discrimination where the access to the city's infrastructure by one gender might be impaired in comparison to that of another through fear of the characterisation of the location. This consideration will be taken into account in any decision making.
- 2.20 There are further considerations to be taken in to account in relation to religion, belief and disability which will need to be duly weighed in any decision making.
- 2.21 The Council has had regard to these duties in formulating this Policy.

Section 3 – Policy Background

- 3.1. In formulating this Policy, the Council has had regard to Home Office Guidance regarding SEVs and to complementary policies of the Council, in so far as these are relevant.

Home Office Guidance

- 3.2. The Home Office has published *Guidance in Relation to Sexual Entertainment Venues*. As to local licensing policies, the Guidance advises that these might include statements about where local authorities are likely to consider appropriate or inappropriate locations for SEVs to be. This could be set out in general terms by reference to a particular type of premises, such as a school or place of worship, or more specifically, by reference to a defined locality. The Guidance also indicates that local authorities could also use a licensing policy to indicate how many sex establishments, or sex establishments of a particular kind, they consider to be appropriate for a particular locality.
- 3.3. The Council has followed the Guidance in drawing up this Policy.

City Centre Strategy

- 3.4. A new City Centre Strategy is currently being developed, with publication expected in Autumn 2013. A core aim will be to deliver a vibrant, welcoming and safe evening and night-time economy. The evening and night-time economies have grown significantly over recent years and a key aim will be to ensure that the City Centre in the evening and at night is a welcoming place for a very broad cross-section of the population. The City Centre cafe culture has grown exponentially over the last decade and an aim is to see further growth for the evening and night-time period over the next five to ten years.

Cultural Strategy

- 3.5. The Council will shortly produce an interim Cultural Strategy. A key part of the strategy will include the aim to improve the quality of the cultural offering to a wider range of audiences, and to remove barriers in order to encourage more people to be part of the night time economy.

Local Development Framework: Core Strategy

3.6 Where planning permission is required for a proposed sex establishment the City Council will consider the advice in the National Planning Policy Framework, the Exeter Core Strategy adopted February 2012 and the Exeter Local Plan 1st Review adopted March 2005 as well as other material considerations.

3.7 One of the aims contained in the Core Strategy is to provide and enhance retail, cultural and tourist facilities in the City Centre that reflect and enhance Exeter's regional and sub-regional status and sphere of influence, that add to economic growth, that build social cohesion, and that promote vitality and viability; and continue to enhance the Quay and Canal area as a centre for tourism and recreation.

3.8 Completion of the Princesshay development in 2007/2008 has strengthened Exeter's retail 'offer'. It is, however, in the nature of retailing that the relative attractiveness of a shopping centre will be challenged continually by competitors from elsewhere and from out-of-town development. The Local Development Framework must, together with the City Centre Strategy, ensure that the status of Exeter as a retail destination is maintained and enhanced.

3.9 The Council has had regard to these broad strategic aims, so far as relevant, in the development of this Policy, and feels that the presence of SEV's and sex cinemas within the city centre is not compatible with these broad aims.

Section 4 – Public Consultation

- 4.1. In developing this Policy, the Council conducted an extensive public consultation, involving an on-line survey and a postal survey. In total, there were 169 responses. The results of these surveys have helped to inform the content of the Policy.
- 4.2. The survey questionnaire dealt substantively with the requirement or otherwise for a policy for SEVs. Respondents were asked to indicate whether their answers would have differed in relation to the other categories of sex establishments and most indicated that they would not: sex cinemas (86%) and sex shops (72%). However, in relation to sex shops, there were a sizeable number of respondents who felt that the retail nature of such allowed this type of sex establishment to be viewed in a more acceptable light than those sex establishments providing entertainment.
- 4.3. The survey showed strong support for having an SEV policy, with (92%) of respondents supporting adoption.
- 4.4. There was support for SEV policies dealing with: the suitability of the applicant (76%); character of localities for the location of sex establishments (67%); and compatibility with neighbouring uses (67%). There was also support for a policy dealing with the interior layout of the venue (61%).
- 4.5. Respondents were asked whether there were any localities within the Exeter which were appropriate for SEVs. Few of those responding found that the character of any locality would be highly suitable for an SEV and in the case of each locality the majority found that the character would be highly unsuitable.
- 4.6. The consultation revealed that most respondents considered SEVs to be highly incompatible with certain neighbouring uses: educational (82%); places of worship (84%); family leisure facilities such as cinemas (82%); residential (83%); galleries and museums (73%), and youth facilities (83%). There was a more even split as to financial institutions (60%) saying incompatible; and shops (65%) saying incompatible. Respondents were more evenly split on the compatibility of public houses and bars with SEVs with 55% saying highly incompatible.
- 4.7. The issues of locality and juxtaposition were not the only issues considered to be important by respondents in deciding whether or not to grant a licence. Large majorities considered the following issues to be very or fairly important: the ability to properly manage activities off the premises such as customers entering or leaving (72%); the ability to supervise (73%); disabled access (59%), and the quality of the venue (63%).
- 4.8. The Council has taken due account of these community views, particularly where they reveal strong support for (or against) a particular position.

Section 5 – Applications

5.1. The Council's Policy in respect of applications is as follows:

POLICY 1: PROCEDURE FOR APPLICATIONS

1. Applicants for new licences, renewals and transfers will be required to complete the application form at Appendix 1 to this Policy. If the application form is not duly completed or the fee is not paid, the application will be returned to the applicant.
2. A site notice shall be displayed in the form set out at Appendix 2 to this policy. The site notice shall be on yellow A4-sized paper with black 16 point font. The applicant will be required to enclose a copy of the site notice with the application form. The applicant will be required to file with the Council a statutory declaration confirming display of the site notice for the period required by Schedule 3 paragraph 8(10) of the Local Government (Miscellaneous Provisions) Act 1982.
3. The newspaper advertisement of the application shall be in the form and of the size set out in Appendix 2 to this Policy. A copy of the newspaper shall be filed with the Council as soon as practicable after publication.

5.2. The Council's policy in respect of the procedure for consideration of applications is as follows:

POLICY 2: PROCEDURE FOR CONSIDERATION OF APPLICATIONS

The Council has a responsibility to consider whether the mandatory or discretionary grounds for refusal apply whether or not there have been objections to the application. To this end it will:

1. Require completion of a detailed application form.
2. Consider the application form and require the applicant to supply any necessary further information.
3. Interview the applicant. The interview will normally be conducted by a Licensing Officer.
4. Conduct an inspection of the premises by a Licensing Officer.

5. Make such further checks and inquiries as are considered necessary.
6. Convene a hearing of the Licensing Committee for the purposes of consideration of the application and any objections.
7. Notify the applicant and any objectors of any information or documents they will be required to produce, whether before or at the hearing.
8. Require all applicants, partners or directors, together with the proposed manager of the premises and any person for whose benefit the business will be carried on, to attend the hearing, unless notified otherwise.
9. Require a report by Assistant Director Environment to be presented to the Licensing Committee, which may contain recommendations.

A hearing will be convened for all new applications and transfer applications, whether or not there have been objections.

Applications for renewal will be decided by Assistant Director Environment unless there have been objections or there is some other reason why the matter ought to be considered by the Licensing Committee.

The procedure for hearings shall be determined by the Licensing Committee. A copy of the procedure will be published on the Council's website and is included as Appendix 4.

Section 6 – Mandatory Grounds for Refusal

6.1. The Act provides mandatory grounds for refusal. These are that:

(a) the applicant is under the age of 18;

(b) the applicant is for the time being disqualified from holding a licence;

(c) the applicant is not a body corporate and is not resident in an EEA state or was not so resident throughout the period of six months immediately preceding the date when the application was made;

(d) the applicant is a body corporate which is not incorporated in an EEA state;

(e) the applicant has, within a period of 12 months immediately preceding the date when the application was made, been refused the grant or renewal of a licence for the premises, vehicle, vessel or stall in respect of which the application is made, unless the refusal has been reversed on appeal.

6.2 The Council's role in relation to the mandatory grounds for refusal is to put itself in a position to judge whether any of the grounds apply. Its policy in this regard is as follows.

POLICY 3: MANDATORY GROUNDS FOR REFUSAL

The Council will proactively investigate whether any mandatory grounds for refusal apply, by following the procedures set out in Policies 1 and 2.

Section 7 – Discretionary Grounds for Refusal

7.1. The Act provides discretionary grounds for refusal. These are that:

(a) the applicant is unsuitable to hold the licence by reason of having been convicted of a criminal offence or for any other reason;

(b) if the licence were to be granted, renewed or transferred the business to which it relates would be managed by or carried on for the benefit of a person, other than the applicant, who would be refused the grant, renewal or transfer of such a licence if he made the application himself;

(c) the number of sex establishments in the relevant locality at the time the application is made is equal to or exceeds the number which the authority considers is appropriate for that locality. (For this purpose, nil may be an appropriate number.)

(d) the grant or renewal of the licence would be inappropriate, having regard —

(i) to the character of the relevant locality; or

(ii) to the use to which any premises in the vicinity are put; or

(iii) to the layout, character or condition of the premises, vehicle, vessel or stall in respect of which the application is made.

7.2 Applications for transfer may not be refused on the grounds in (c) and (d) above. Other than that, all the policies in relation to the discretionary grounds for refusal apply to new grant, renewal and transfer applications.

7.3 The Council's role in relation to the discretionary grounds for refusal is to put itself in a position to judge whether any of the grounds apply. Its policy in this regard is as follows.

POLICY 4: DISCRETIONARY GROUNDS FOR REFUSAL

1. The Council will proactively investigate whether any discretionary grounds for refusal apply, by following the procedures set out in Policies 1 and 2.

2. Each discretionary ground for refusal will be separately and individually considered, having regard to Policies 5-10 below. If any ground applies, the application will be refused.

7.4. The Council's policy for consideration of the suitability of the applicant is as follows:

POLICY 5: SUITABILITY OF APPLICANT

1. In considering whether the applicant is suitable to hold a licence, the Council will take into account such matters as it considers to be relevant, including but not limited to whether the applicant:
 - a) has convictions which are relevant to his suitability to hold the licence, the age of the conviction and any explanation given regarding the circumstances of the conviction or rehabilitation undergone. Spent convictions will be taken into account only where justice cannot be done except by admitting evidence relating to the convictions or the surrounding circumstances;
 - b) is honest;
 - c) is qualified by experience to run a sex establishment of the size and nature he is proposing to run;
 - d) demonstrates an understanding of and willingness and ability to comply with the Council's general sex establishment licence conditions;
 - e) can be relied upon to run the premises in accordance with the licence and with the requirements of the Local Government (Miscellaneous Provisions) Act 1982;
 - f) can demonstrate a history of compliance in relation to this or other premises and licensing or other regulatory regimes;
 - g) is proposing to run the premises himself or to employ others to do so;
 - h) is proposing a management structure which will deliver compliance with licence conditions and the Local Government (Miscellaneous Provisions) Act 1982 through:
 - i) managerial competence and experience;
 - ii) presence of managers throughout trading hours;
 - iii) a credible and effective management structure;
 - iv) a system for internal enforcement of rules including through training and monitoring of staff and performers;
 - v) a viable business plan providing sufficient capital and revenue to ensure that licensing and other legal obligations will be observed.
 - i) demonstrates an understanding of and willingness and ability to act in the best interests of performers, including in how they are remunerated, the facilities they enjoy, how they are protected and how and by whom their physical and psychological welfare is monitored;
 - j) has developed a thorough written welfare policy for performers and a system of enforcement of such a policy;
 - k) has a competent written system for ensuring that the performers are adults and are entitled to live and work in the UK;

- l) demonstrates a willingness and ability to protect members of the public visiting the premises, for example through transparent charging and freedom from solicitation;
- m) demonstrates an understanding of the requirements of good neighbourliness and is willing and able to engage constructively with those living or working in the locality and with relevant statutory authorities.

7.5. The Act also permits refusal on the grounds that the person who will actually be managing the business or any person for whose benefit the business would be managed, would be refused a licence, whether under one of the mandatory or discretionary grounds for refusal. The Council's policy is as follows:

POLICY 6: SUITABILITY OF MANAGER OR BENEFICIARY

1. The Council will require the applicant to identify the proposed manager(s) or beneficiary(s) of the business.
2. In considering whether those individuals would be refused a licence the Council will apply Policies 1-5 above, treating those individuals as though they were applicants for the licence so far as it is relevant to do so.

7.6. The Council may refuse a licence on the grounds that the number of sex establishment licences is equal to or exceeds the number which the authority consider is appropriate for that locality. The concept of "locality" is elastic, particularly in small but urbanized areas.

Hence, the Council has decided not to pre-define localities with precision for the purposes of this policy. However, in considering its policy, the Council has considered each and every part of the City of Exeter in order to identify whether there are any localities in which the licensing of sex establishments is appropriate.

7.7. In deciding whether and if so what policy to adopt in relation to this discretionary ground, the Council has taken into account the matters set out in Sections 2 – 4 above. It has principally been influenced by the following considerations.

7.8. First, the public consultation revealed that a large majority of respondents in the City of Exeter consider that sex establishments are inappropriate near to particular sensitive uses, including schools, places of worship, family leisure facilities, residential dwellings, historic buildings, youth facilities and cultural facilities. The Council agrees that these uses are sensitive and that sex establishments are generally not appropriate near to them.

- 7.9. Second, the public consultation indicated that of 115 respondents specifying localities within the City of Exeter boundaries that are appropriate for sex establishments, 107 specified that the number in such localities should be zero. When respondents were asked to identify a locality which they considered suitable and to specify a number, no locality was named by more than 2% of respondents. The Council concludes that there is no locality for a sex establishment which is supported by more than a very small percentage of consultation responses.
- 7.10. Third, the Council has taken account of its own corporate strategies and priorities as represented by its Corporate Plan 2012 – 2014 Building a Stronger and Sustainable City.

The Council believes that sex establishments are:

- a) not consonant with a culturally rich and diverse City, in particular in that they tend not to be inclusive facilities, appeal to only a narrow sector of the community, and are unlikely to enhance the cultural reputation of the City of Exeter;
 - b) are (while not excluding women) generally unattractive environments for women workers to attend and so tend to discriminate against such workers;
 - c) inconsistent with goals of community cohesion, particularly having regard to the sensitivities of children, and the fears and sensitivities of women workers, residents and visitors.
- 7.11. Fourth, in relation to SEVs, the Council has also had due regard to the need to advance equality of opportunity between men and women. It considers that the presence of SEVs in any locality in the City of Exeter will not advance equality of opportunity of women workers or residents. It recognizes that a nil per locality policy may reduce the employment opportunities for performers. However, it also recognises that those working in SEVs are often peripatetic and self-employed, and so will retain the opportunity to find employment as performers at other venues or in other roles in the leisure industry. The Council believes that, on clear balance, in gender equality terms, its policy is both supportable and correct.
- 7.12. Fifth, in relation to existing sex establishments, since their opening the City Centre offering has been enhanced both in terms of the quality of its retail offering and in terms of its cultural offering
- 7.13. The Council considers that the Policy is clearly necessary, proportionate and justified within the Provision of Services Regulations 2009 and the Human Rights Act 1998.

- 7.14 The Council has disregarded any moral consideration in formulating this Policy. It has also taken account of the possibility that some of the consultation responses may have been motivated by moral considerations.

POLICY 7: THE NUMBER OF SEX ESTABLISHMENTS

1. The Council's Policy is that there is no locality within Exeter in which it would be appropriate to licence an SEV or a sex cinema. Accordingly, the appropriate number of these categories of sex establishments for each and every locality within Exeter is nil.
 2. The Council's Policy is that there are currently two localities in which it is appropriate to licence a sex shop and these are the localities surrounding the existing licensed premises in Fore Street and Sidwell Street. Accordingly, the appropriate number of sex shops for each of these localities is one.
- 7.15 The Council may refuse a licence on the ground that it would be inappropriate having regard to the character of the relevant locality. The Council's Policy as to this ground of refusal has been formulated in particular by a consideration of the material set out in sections 2-4 above.

POLICY 8: CHARACTER OF LOCALITY

1. The Council's Policy is that sex establishments are unsuitable uses in localities whose character is, or is significantly, one or more of the following:
 - i. educational;
 - ii. residential;
 - iii. religious;
 - iv. family leisure.
 - v. late night entertainment and shopping
2. In other cases, the question of the appropriateness of the sex establishment having regard to the character of the locality will be considered on the merits of the individual case.

3. In considering the character of the locality, the Council will have regard to the impact of the proposed sex establishment on that character, taking account of size, presentation, location, lighting, trading name and all other material factors.
 4. In considering such impact, the Council will not grant a licence where the exterior façade of the premises includes images (whether photographic or graphic) or text indicating or referring to the nature of the proposed licensed activity, save as specifically required or permitted by licence conditions;
- 7.16 The Council will not normally grant premises operating at or whose façade is at ground floor level.
- 7.17 The Council may refuse a licence on the ground that it would be inappropriate having regard to the use to which any premises in the vicinity are put. In deciding upon its policy as to this ground of refusal, the Council recognises the various conflicting pressures for development and land use within the City of Exeter and has attempted to strike a balance between them. The Council's policy has been formulated in particular by a consideration of the material set out in sections 2-4 above.

POLICY 9: VICINITY

1. The Council will not normally grant a licence where any premises within the vicinity are used for the following:
 - (a) school;
 - (b) place of worship;
 - (c) family leisure;
 - (d) domestic residential buildings;
 - (e) important historic buildings;
 - (f) youth facilities;
 - (g) important cultural facilities.
2. In other instances, the Council will consider this ground of refusal on the merits of the individual case.
3. The precise extent of vicinity will be determined in the light of the precise location of any application and any representations made in response thereto.

4. In deciding whether such premises are in the vicinity of the application site, the Council will not use a pre-determined distance, but will consider each case on its individual merits, and will take account of its local knowledge where appropriate. In determining the issue, it will take account of:
 - (a) distance,
 - (b) intervisibility,
 - (c) linkages between them, including whether the premises and application site are connected by well-used walking routes;
 - (d) any visual or physical barriers between them.
5. In considering the application of this policy to domestic residential buildings, the Council will take into account the number of such buildings, their density, their primary use, the number of dwelling units they comprise and their distance from the application site.

7.18 The Council may also refuse a licence on the ground that it would be inappropriate having regard to the layout, character and condition of the premises. In applying this ground, the Council will take into account a wide range of considerations, including the accessibility of the premises, protection of the public, prevention of crime and disorder, and maintenance of the quality, fabric and tourist and business reputation of City of Exeter. It has also taken account of the material set out in sections 2-4 above.

POLICY 10: LAYOUT, CHARACTER AND CONDITION

1. The Council expects premises licensed as sex establishments to achieve a high quality of build, appearance, maintenance and fit out in keeping with the standards and reputation of Exeter.
2. The Council expects applicants to give due consideration to the fear of crime, intimidation and harassment particularly among female residents and workers in the vicinity, and so provide a quality and style of built environment which protects against such fear.
3. The Council expects all parts of the premises to be fully accessible to disabled people.

4. The Council expects the premises to be laid out and lit so as to ensure that there is at all times proper supervision and surveillance throughout.
5. The Council expects a digital CCTV system to operate at all times when the public are on the premises; extent and coverage to be agreed by the Office of the Assistant Director Environment. All recordings shall be stored for a minimum of 31 days with date and time stamping. Recordings will be made available upon request to the police or an authorised officer of the Council in accordance with current Home Office Guidance.
6. The Council expects dedicated, secure, private, single sex changing rooms, rest rooms and WCs for performers which are inaccessible to members of the public.
7. The Council's policy is to refuse private booths.

In this policy "private booth" means a room, cubicle or other area used for private performance to individual paying customers or groups of customers, other than where the booth is fully and completely open on one side so that activities within it may at all times be clearly and readily supervised from a main gangway through the premises and so that at all times activities within it are recorded by fixed and dedicated CCTV cameras.

Section 8 – Regulations

- 8.1. The Council has made regulations prescribing standard conditions applicable to sex establishments as set out in Appendix 3 to this Policy. In doing so, it has had particular regard to the matters set out in sections 2 and 3 above. Its policy in relation to such conditions is as follows.

POLICY 11: STANDARD CONDITIONS

1. The Council will apply the Standard Conditions unless such conditions are expressly excluded or varied.
2. The Council will only vary or exclude the Standard conditions in exceptional circumstances.
3. In deciding whether the circumstances are exceptional, the Council will consider the purpose of the condition and whether that purpose would be advanced in equal manner if it were varied or excluded.

- 8.2. The Council may also add conditions in individual cases. Its policy in relation to the exercise of that power is as follows:

POLICY 12: INDIVIDUAL CONDITIONS

1. The Council will add individual conditions where this is considered necessary and proportionate.
2. Prior to refusal of a licence, the Council will consider whether the proposed reason for refusal may be avoided by the imposition of conditions.
3. The Council will in general avoid adding conditions which are already conditions on a separate consent, such as a premises licence under the Licensing Act 2003 or a planning consent.
4. Before adding conditions, the Council will notify the applicant of the proposal to add conditions and give an opportunity for the applicant and any other party to make submissions as to the proposal.

Section 9 – Waiver

- 9.1. The Council has power to waive the requirement for a licence where it considers that to require a licence would be unreasonable or inappropriate. In deciding whether to exercise its discretion to waive the requirement for a licence, the Council will apply the following policy.

POLICY 13: WAIVER

The Council's policy is to grant waivers only when all of the following conditions are satisfied:

1. The waiver is sought in respect of a temporary event.
2. The event does not consist of striptease, lap-dancing, pole dancing or similar activities.
3. If an application for a licence were to be made, the application would not, in the opinion of the Council, be likely to attract any reasonable objections.

Section 10 – Enforcement

- 10.1. The Council will conduct enforcement activities in relation to sex establishment licences according to the principles set out in the Exeter City Council Environmental Health Services Enforcement Policy. A copy of the Enforcement Policy may be obtained from the Council upon request, and is also obtainable from the Council’s website.

Section 11 – Fees

- 11.1. The Council will set fee levels for grants, variations, renewals and transfers of licences. Details of such fee levels will be published on its website.

Appendix D – Procedure for Hearings for Sex Establishment Licence Applications

1. This procedure shall apply to all hearings conducted under the provisions of the Local Government (Miscellaneous) Provisions Act 1982 (as amended) in relation to licences for sex establishments.
2. Public hearings conducted under the provisions of the Local Government (Miscellaneous Provisions) Act 1982 shall take the form of a discussion led by the Licensing Committee. Cross-examination will be permitted only when the Committee considers it to be required. The conduct of hearings shall be broadly based, subject to the discretion of the Committee, on the points set out below.
3. At the start of the hearing the Chair of the Committee will introduce himself and other Members of the Committee as well as the Licensing and other officers present. Anyone making representations will then be asked to introduce themselves and anyone accompanying them. The applicant will then do likewise.
4. The Chair will then explain the purpose of the hearing and the procedure to be followed at the hearing. The Committee will then make any rulings necessary in respect of requests for witnesses to be heard in support of any of the parties making representations or the applicant.
5. Those making representations will then be invited to present their case. Repetition will not be permitted. Equal time will be offered to the applicant and those making representations. Where there is more than one party making representations and/or calling witnesses in support, consideration should be given to having one spokesman on behalf of all parties so as to avoid repetition. Although the use of spokesman will be encouraged by the Committee, the decision rests with those parties making representations.
6. In the event of disorder or persistent disregard of the authority of the Chair, the Chair may suspend or adjourn the hearing, or require that the person(s) causing disorder or showing disregard leave the hearing.
7. In the event that the Committee has decided that cross-examination will be permitted, the applicant will be invited to ask questions of the party(s) making representations and their witnesses (if any). The party(s) making representations and any witnesses giving evidence in support will then answer any questions put to them by members of the Committee.
8. The applicant will then be invited to present their case and call any witnesses in support of their application. The applicant will be entitled to the same period of time to present his case as those making representations were afforded.
9. In the event that the Committee has decided that cross-examination will be permitted, those making representations will be invited to ask questions of the applicant and their witnesses (if any). The applicant and any witnesses giving evidence in support will then answer any questions put to them by members of the Committee.

10. The Chair will ask all parties if there is anything else they would like to add in support of their respective cases.
11. Those making representations will then be invited to make closing submissions followed by the applicant.
12. The Committee will then retire to consider their decision in the presence of the Licensing Solicitor. They may call for assistance by the representatives of the Licensing Authority but those persons will play no part in the decision-making process.
13. In due course, the Committee will return to announce their decision or to inform those present when the decision will be given.
