

Job Description

DESIGNATION	:	MRF Operative
GRADE	:	Living wage
POST NUMBER	:	1077
DIRECTORATE	:	Net Zero & City management
UNIT	:	Waste Operations / MRF
RESPONSIBLE TO	:	Resource Recovery Manager

PURPOSE OF JOB

To maximise the Council's recycling rate and income by sorting mixed recycling into high quality separate material streams for sale to Reprocessors.

MAIN ACTIVITIES

- Following strict Health & Safety protocols, sort specified materials from conveyor belts, producing single streams of material that meet the requirements of Reprocessors and Environment Agency protocols
- Ensure that all items of corporate uniform and Personal Protection Equipment issued, are worn and maintained as required whilst on site, and take a responsible attitude to the safety of themselves and colleagues.
- Assist with cleaning of machinery, wheeled bins and the depot and surrounding outdoor environment, as directed, on site.
- Have a 'can do' attitude and be able to work as part of a team.
- When necessary, to carry out removal of contaminants, by hand, from piles of material on the tipping hall floor
- Be prepared to undertake heavy lifting utilising manual handling techniques
- Be willing to undergo specialist training and develop new skills as may be required.
- To work Mondays to Fridays and on Saturday catch ups following bank holidays
- To assist with sampling of materials to monitor quality and contamination levels.
- Any other duties commensurate with the role.

DATE: July 2022
